To a physician it is one of the best openings in this part of the State as with this establishment he can control the practice of the Town and country for several miles around. A physician coming here can go at once into the practice left The prospects of the university are better than Carolina, Louisiana, Georgia, Alabama, they have been since the surface the safe for the large been located here, as a part of it, and the land given it by Congress having been sold for one hundred and thirty-three thou-

As liquors can only be sold on physicians' prescriptions a good profit can be made by adding the sale of them to the Drug business.
